Topic for Group A (Briefing) : Comers to E-Comers:

Comers refers to the term commercial or business. A concept of doing business has changed a lot over the period of time. Now a days we use online portals for any kind of business and the platform of this online portals are e-comers. The electronics/IT involvement in business brought evaluation in doing business.

Topic for Group B (Briefing) : Necessity of renewable energy

As the resources of conventional energies are very limited ,every and each nation is looking alternative options like Non conventional energies. Renewable form of energy is the only way out left to get the energy in future. Example- Solar System, Wind Energy, Geothermal etc.

Topic for Group C (Briefing) : Smart approaches towards city & transport

The city life is so polluted and stressfull the smart solutions for the citizens for ease of life, security, better health are the prime mandatory requirements for all the nations including the smartest way of transportation for intra & inter city, like highspeed magnetic train etc.

Team NCPMANIAC is arranging a “Meet with Alumni” programme on 3rd August - 2019 at 4 p.m. at Dum Dum at some Alumni’s home. Detailed address will be mailed you soon. Please raise your interest by return mail.

Agenda : To know Alumni - to discuss on going projects - to sketch down future activities. Please confirm and please do come.

Out of Syllabus

We also attach an article on “Rain water Harvesting”; one can say “out of syllabus” we name it from earlier edition.

Happy Reading
