

Editorial Pick

Greetings from NCPMANIAC:

This is the ninth (9th) edition and we are glad to have feedback from few through various electronic medium. We would like to spread our monthly mailer across final year college (NCP) students and present faculties to make a combined effort to create knowledge waves!!! (subjected to approval from management committee of NCPMANIAC). You are also welcome to share your thoughts - for / against.

This ninth edition sheds some lights on need of hour market trend & beats awareness sounds on 19th Reunion in Feb 3rd Sunday -2019.

Internet of things (IOT), Artificial Intelligence, Machine Learning, Deep Learning, Cloud, Big data - these are trending words in market if you pay your attention in advanced & upcoming technological world. Due to Industrial 4th revolution vibes technological world is already changing in various folds. We at our level may not feel sooner future waves but its roaring. To make ourselves ready to win over the situation, capturing basic ideas on these subjects are need of hour.

NCPMANIAC believes change is only constant and we from same platform would like to make an effort to discuss on these in series. This edition talks about **very basic on IOT** - information is extracted from various blogs, article and same are mentioned along with write up. Please have patience and please keep eyes on this.

As per Charles Dickens "The pain of parting is nothing to the joy of meeting again."

84 days..... 19th Reunion is knocking the door!!!

This time NCPMANIAC is welcoming "tagline" for upcoming reunion from all Ncpians; please follow our social media post (FB/WA) by 30th November and try to part of the grand celebration while we lay the first brick.
